

# CAPABILITY STATEMENT

CAGE CODE - 9DGX2

## CORE COMPETENCIES

- Highly skilled quality team with AS9100/ISO9001 certified quality management system
- High Precision CNC Machining
- Welding of Stainless and Carbon Steel
- Rapid Research & Development
- Additive Manufacturing
- Finite Element Analysis
- Professional Engineering Firm State Accreditation
- Machinery Repair and Rebuilding
- Custom Hydraulic Cylinders
- Engineering team with experience in hydraulics design
- 25+ Highly Skilled Personnel

## DIFFERENTIATION

- **Experience** - Machining and Welding for 30+ years
- **Cost Savings/Efficiency** - Vertically Integrated Manufacturing
- **Skilled Workforce** - Journeyman Apprenticeship Program since 2012
- **Great Employee Retention**

## ABOUT US

IMR Inc. is a small business located in Prentice, Wisconsin. Our facility consists of a manual and CNC machine shop with several Mazak mills and lathes, a sheet metal fabrication shop with a 90-ton press brake and Mazak Fiber laser cutter, a 5' x 10' Omax 1530 waterjet with A-jet, a large-area welding shop, and a full-service engineering department. Current primary customers belong to the energy, defense, paper, logging, and railroad industries. We primarily manufacture low to medium part quantities though we do have the capability for high-volume contract manufacturing. IMR Inc. designs and manufactures railroad maintenance-of-way equipment in-house with several proven product lines.

## COMPANY DATA

- Mazak CNC Mills, Lathes, & Laser Cutters
- Manual Lathe, Mill, Surface Grinding, & Radial Drill
- 90-Ton Press Brake
- Zeiss CMM
- 3 Fully Equipped GMAW Welding Cells
- Hydraulic Cylinder & Hydraulic Line Manufacturing Area
- Omax 1530 Waterjet

## NAICS CODES

- 332710 - Machine Shops
- 332721 - Precision Turned Product Manufacturing
- 332999 - Misc Fabricated Metal Manufacturing

## PAST PERFORMANCE

- BW PaperSystems - Prototyping and High-Volume Production
- Multitek Inc. - Prototyping and High-Volume Production
- Oil and Gas Industry Products
- Various in-house-designed railroad maintenance machinery

## INDUSTRY PARTNERS

- Commonwealth Fusion Systems
- Defense Logistics Agency
- Hydratight
- Hytorc
- BW Papersystems
- Phillips Medisize
- Multitek Inc.
